Tribute Wall

“ *It won't be the same without your presences. I came into your life as a caregiver, but you became my buddy and apart of family. I'll always remember our conversations, the laughter and our outings we shared. Whether you were feeling good or bad, you always greeted me with a smile. You truly taught me the meaning of no matter what life throws you, keep moving forward because it could be worse. You will be truly missed. I thank God for gracing me with your presence. I know God has prepared a special place for you that none of us could prepare on earth. I truly admire the love you had for your family and Gal he appreciated everything she done for him and expressed how he loved her to the moon and back. I'll continue to pray for the healing of those who love you. Until we meet again my friend.... I'll just say "see you later", and I can hear you say "I surly hope so"*

“ *It was a genuine honor to serve under Al in the Wyandotte Police Reserves. He lead by example; displaying only the highest character and dedication to his officers and community.*

I did not know Al to any great extent outside of the reserves. But, I was deeply honored to have him in attendance at my wedding some 20 years ago. I realize Al was severely limited by MS. But, I know that in heaven he will fly with the wings of an angel.

May all of Al's family and friends know peace in remembering him in the through the years to come.
