“ I am so sorry for your loss, I wish I would have known sooner, I loved her dearly and wished I could have talked to her one more time. Martha Bennett.

“ Dolly, Dee Dee, Martha and I all hung out together through our high school years. I have a lot of memories of all of the fun times we had together. Way too many to mention here, but one. All four of us and "Ma" spent a week at a cottage in Stoney Pointe. It was the best vacation ever.

I know for a fact that Dolly found love and happiness with Don and I hate that she had to endure the last few years of pain and suffering.

I will miss her terribly.
