“ Our friendship spanned 54 years. We were never in the same class in high school but we were brought together as friends because of our mutual friendship with Bob. We were in each other's wedding and spent many happy hours together. I guess we sort of grew up together. We loved each other through many years and many circumstances and that love never changed. We would go years without seeing each other but when we were able to be together again it was as though we had never been apart. I am selfish enough to say she left us too soon even though I know she is well and whole now and no longer struggling to breath. I am selfish enough to want more phone calls and time together, but since that is not to be, I am so thankful for all of the time we were able to share and for her friendship. We love you Gloria and are so thankful that God put you in our lives.

“ *Gloria and I have been friends for over twenty years. In all those years I never heard her say an unkind word about anyone. She didn't gloss over hard times for either herself or a family member. Many times she would say "we will get through this." She loved her family and was so proud of each one of them. We talked or text, when she was short of breath, most days. Gloria was a bright light offering gentle advise and the gift of hope even when she said she was in pain, Psalms 90:12 says; Teach us to number our days and recognize how few they are; help us to spend them as we should. Gloria lived this.*
