“ Dear, Dad

I miss seeing you every other weekend and going to skateparks, zapzone, skyzone, and other stuff we would do and hiding stuff from uncles and grammies. I remember when it was my 9th or 10th birthday and i got my first bb gun and i was so excited that i shot it out the window of your silver truck before we drove through that fence looking for a mailbox. I also remember getting that sword from one of our buddies and we never showed it to grammies and now she knows obviously but, it was a lot of fun. I remember one time we went up north to the cottage and road on the bike there and swam in the lake and fished on a paddle boat that we went across the huge lake in the back of the cottage. Ive changed so much over the past 2 years not seeing you and now I get to say what i want to say to you. I miss playing roller hockey and riding around all the time and passing out in the car on the way back from the parks, nature centers, and national parks. Me and you had a really special bond. I remember playing on the nintendo 64 playing mortal kombat, 007 golden eye, and all the other games we had, and i remember going to the Gibraltar trade center and looking around. I miss you so bad always and i will never forget you and our memories that we had together. I love you Dad.

-Evan (Michael Alter) more to remember you in my middle and last name❤️.
