“ I worked with Magoo at Farmer Jacks for about 10 years, and we hung out for years after. There are simply too many great things I could say about all our times together, He was SO much fun, SO funny, SO caring, and SO genuine. I loved him like a Brother, I will NEVER forget him and I will NEVER stop missing him..... You were one of the Special ones Magoo.....Until we meet again, Be at Peace my Friend. And say Hi to your Mom :)

Love you
Vic

“ John took me to my first ever Red Wings game at the old Olympia. He taught me the game. Then one time, took me to where the players came out and I actually got to meet and shake hands with Gordy Howe. I've been a die hard Red Wing fan ever since. We both knew in 1997 that the Wings would finally win the cup. The regular season started on my birthday and ended on his birthday. He will be missed by many.

“ John was one of my dearest co workers, always in a good mood, also made us laugh! I remember he also had to buy something new of Red Wings just before the playoffs started, thought it would bring them good luck! Prayers to his wife and family, now he has two Wings!
