JL

“ Sorry to read the news of your sister's passing Doreen. I've known your lovely family and was friends with Denise actually since we met 56 yrs. ago. It was a couple years ago that Lynette had brought me back a little souvenir gift from a day trip she had gone on with our seniors. She was thrilled to get out to the Heaven Scent Farms that day and had brought me back a beautiful star ornament that she wanted me to have. I displayed it and will continue to think of her whenever I see it. I last spoke to her when she called me from the hospital. May she rest in peace now that she has made her journey Home with the rest of the family. ~ Joanne ("Woj")
