“ I am so blessed and honored to have had Patrick cross my path in life. He always had a beautiful perpetual smile on his face and a glint in his eyes. I was one of his caregivers for a short time however sometimes I wonder who took care of who, because at the end of the day while assisting him to his room it was he who helped me up the chair lift, held my hand, and was concerned about me falling. The looks and kind words he said to me made my job so extra special and rewarding. His smile was contagious and I will always remember him saying, "ahhhh so like he was Chinese, is that right, don't work so hard, thank you for your wonderful service at this great hotel, there you are your just the person I needed to see, don't stay away so long good buddy and his I love you's as I helped him hide his wallet and tucked him in bed." He was priceless and I thank you Patricia for entrusting me to be a part of Veteran Stg. Patricks life. The Cottage won't be the same without him but I will be "forever grateful "that I was his friend. With Love and Prayers.....Ann

“ I only new Patrick a short period of time, through the marriage of my Daughter Jessica to Jon. but in that short period of time I was able to share memories of him at get togethers with the Woolums in which I spent time talking with him. He was a smart man and a great craftsman. He made a lotto machine with little wooden balls which he hand carved the numbers on each one with care, which I was told by Pat that he used. he also made a beautiful toy chest for his first grandchild which he carved wooden animals on and his great grandson Elijah now has. These are just a few of the wonderful things he made, you can see his love that he had for his family with these things he made for them to keep in memory of him. sometimes it is hard for people to say what they are thinking but they show in other ways, like making a toy chest or carving a wooden animal which he made several, to me as long as his family has these wonderful items he made they will always have him with him. I know he is now reunited with his wife for which he was with for many years. All my prayers are with the family that is left here, that with there loss they can have peace in there life. my deepest sympathy And all my Love Sheri Welton

“ "Well good morning olé buddy" was usually the first words I heard before he asked for his morning coffee. Then the morning conversation was about his car, his old Harley Davidson and Patricia. Patrick was a wonderful and kind man. He felt it was his duty to stand up and protect the home he shared with us. I was blessed to have Patrick in my life, even for a short time. He made us laugh, made us crazy and made us cry. And I will cherish every minute and memory I have with him. You will be missed olé buddy. Now you can relax my friend and be with Helen
