“ Aunt Rita was such a pillar and corner stone of the entire family .The sweetest and most gentile kindest woman you ever would have the pleasure of knowing. She was also a strong lady as she battled many heath issues her entire life but that never stopped her. We always either lived with, near or next door for many years so we had Grandma and Aunt Rita in our lives everyday as children. Aunt Rita watched me and my sister while Mom and Grandam worked . It was the best time for us. Aunt Rita was best friend to many of us and she was just so funny and fun. I wish I had more time with her . I remember before I had kids and even after...Aunt Rita and I always did certain things together. I took her every week (esp at Christmas time) to The Gibraltar Trade Center because she loved to shop around there . She loved when I took her to see Willie Nelson any time he came to our area because she loved him. (On the road again) We went to many concerts at the Michigan State fair to see him and others that she loved like Randy Travis . I will never forget when we saw Willie and Lori Morgan . Aunt Rita said "I waved to Willie and he waved back" I was thinking that we all think that but she was right because when she waved again...he looked right at her and blew her a kiss . I was floored. I also remember when I took her to see John Kelly and Marilyn Turner at the fair grounds and we watched a live taping of their show.John Kelly waved back at her too. She was like a little kid and was so thrilled .She even loved going to the Tigers game with me. All my high school friends just adored her.I loved hearing of her high school days too..esp when she said she was running to class because the bell rang and she didn't want to be late and she knocked over the star quarterback of the football team flat on his back.She was tiny so that was always funny to me . She would laugh so hard when she told me that .She was just a little thing but she never held back when she had an issue to address.Sometimes she was ten feet tall and bullet proof. When she watched us kid...she did a good job because we didn't get away with anything...she kept a good eye on us.I loved when we use to walk to the store.It was always an adventure. It was always so cute because she always made sure I was walking on the side away from the street . It was the street...then her and then me ...with

her ready to throw me in the ditch if a car got out of control(there were no sidewalks there) always holding my hand. She usually bought me a hot wheels car at the store too because she knew I was a Tom Boy and loved cars . She usually bought me an orange cream-cycle and faygo cream soda as well. I know I am going on but this is just so painful and so unreal to us . She was so involved with all of us and she loved us all so much She made sure she told you that with a nice hug .Our family has so many memories with her but even though I am selfishly feeling sad for myself, I am still feeling so much sorrow for so many in our family...esp her sisters (my Mom and Aunt Sally) and her brother Uncle Bill and his wife Aunt Fran who has know her all of her life. I am heart broken for all of my cousins who adored her and I feel so bad for Aunt Rita's boyfriend Richard. I was lucky enough to be able to visit Aunt Rita about 9 hours before she passed. I just talked about all my memories with her and she showed expression in her face. I told her how lucky we are to have her and thanked her for always being there for me and the entire family. She always prayed for all of us so we will continue to pray for her. We miss you with all our hearts Aunt Rita.I am so sorry this happened and we all would give anything to have you back here with us. I love you and I want to thank you for always making me feel perfect even with all my flaws.I pray that you are so full of happiness to see your Mom and Grandparents and you live forever with no pain or sadness.Bobby and I will miss the "Klunk".Thank you and God Bless
