“ *Started out as strangers, Became great friends. The rest is good memories. Terri was always there for me through good and bad times, never judging me. Taking Jaylyn to movie shows many times, watching her pick cherry tomatoes, running around the yard with buddy. Helping me at my mom and dads House, especially in dads garden. She was always there for my mom and my dad (who has passed), she even would make my dad his favorite Pineapple Upside down cake. I will so miss the great Christmas, and the food , games and laughter. Every time I see or hear wind chimes, I will think of you dear Terri. You did not have enough time on this earth Terri, but you will always be a part of MY family. I will see you again some day in the future my beautiful friend.*

“ *Dear Mike and family*

Sorry for the passing of beloved Terri, your loved one.

We have been neighbors for a couple of years and have gotten to know Terri and Mike quite well, but my mom has lived next door to them since they moved here. Terri was such a nice, caring and friendly person she would always check on my mom to make sure she was alright, she would bring her food and visit with her.

My mother thought the world of Terri (and Mike) and truly loved them both. I believe that Terri and my mom may be spending some time together again now.

We will always be grateful for her kindness and she will be missed.

“ Dear Taylor family,
Terri was such a nice person with a sweet personality as we grew up. She will be missed but not forgotten! May loving memories replace your pain and sorrow with peace and knowing she will be waiting with arms out stretched when it is our turn to join with her.

“ I went to school with Terri, she lived a block from me. I had a very big crush on her when I was in 7th grade. I would ride my bike to her house after they moved, which was about 5-6 miles from my house just to see her. My friends and I went to her house for her birthday party when we where kids, I have that pic on my facebook. We where able to reconnect after many years thru Facebook about 2-3 years ago and I loved hearing from her. Terri is a person that was a part of my life that I will always remember and I will enjoy looking back on. Terri may you RIP and know you will always be missed.

Her smile and kindness are so true and from her heart. She was here in Florida with us this time last year and it was great..... Terri will be so missed and my heart aches for you all. God Bless. “ I will never forget how Terri and I would get in trouble at church when we were little girls. One Sunday we got caught sliding down the bannisters as the adults funneled out into the reception area. Oh yes, we had dresses on. Our Moms gave us a swat and Grandma Harris gave us the lecture on how nice little girls act. Still makes me smile.

Love to all of you,

“ *In 8th grade Terri and I became best friends very quickly when we both liked the same boy in school. Funny how that worked. I remember going on a trip with Terri and her family. They had a camper and we went to the Colorado River and stayed at a camp ground. It was great fun as I had never done anything like that before.*

Later I moved away and lost touch with Terri. I thought of her often and couldn't seem to locate her. Years later we reconnected on facebook and I was overjoyed to have found my dear friend again. I don't understand why Terri had to leave us so soon but I do know that she had a relationship with the Lord and she is with him now and I will get to see her again someday.

Terri, my beautiful dear friend, you will be missed.
