“ I would like Mr. Tilk's Family to know how much his dedication to Beaver Park was appreciated. He was very personable and ready with a smile whenever I happened upon him when I took my dog to the park. We would talk for a while and he would play with my dog, then send me on my way, always making sure to warn me to not get too close to the creek. He will be missed.

“ My condolences to the Tilk family from a Minnesota relative. I fondly remember their Minnesota visits and the laughter that was so automatic to both Bill and Irene. Keeping your family in my thoughts and prayers.
